Folio SecureBack™ Protective Folio Case for New iPad & iPad2

K67752EU

Product Description

Protect your new iPad® while on the go and lock it when you reach your destination with the Folio SecureBack™ Protective Case for iPad. The Folio case makes it easier to carry your iPad while also protecting the screen and the back from bumps and scratches. When you reach your destination, attach a ClickSafe® Lock (sold separately) onto the built-in ClickSafe Security Anchor, to easily and quickly secure your iPad against theft.

The integrated Folio case not only makes it easier to protect and hold onto your iPad, it also doubles as a two-position stand with viewing and typing modes. The Folio case is also easily removed in case you need to attach an Apple® Smart Cover or don't require on the go protection.

The Folio SecureBack™ Protective Case for iPad® wraps your iPad in a protective layer. What's more, the ingenuous security bar does more than protect your iPad - it was also designed with a sound deflector that boosts the volume of your iPad speaker with no additional battery drain.
